

The Mississippi WISEWOMAN Cardiovascular Health Program

*The Mississippi WISEWOMAN program (**W**ell-**I**ntegrated **S**creening and **E**valuation of **W**omen **A**cross the **N**ation) aims to identify women at the highest risk for cardiovascular disease and to improve the delivery of heart disease and stroke prevention services to them.*

*The main focus of the WISEWOMAN program is **blood pressure control** through correct technique, health coaching, counseling, healthy behavior support services, and lifestyle improvement options.*

The Mississippi WISEWOMAN program is available to women aged 35-64 who participate in the CDC-funded National Breast and Cervical Cancer Early Detection Program (NBCCEDP) via MSDH's Breast and Cervical Cancer Prevention (BCCP) program.

For additional information, please ask the Receptionist or your Provider.
